

MSA8 Series

Gage Actuator

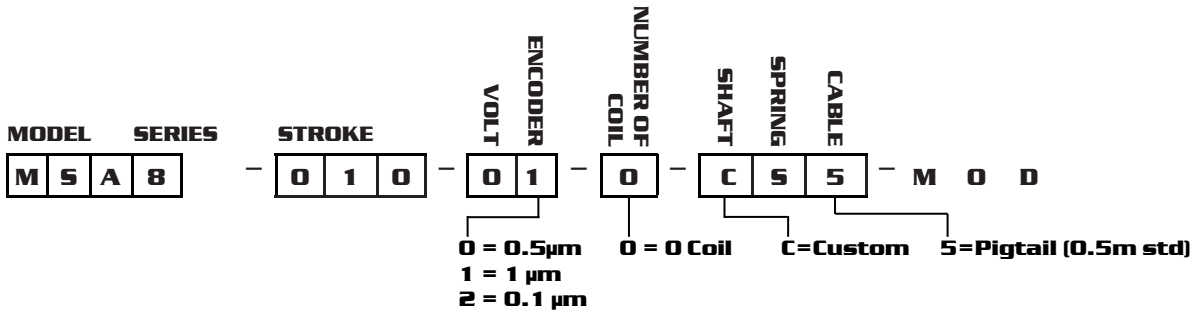

The MSA gage actuator is a simple solution that does not require additional module(s) externally, and allows users to go directly to their PLC / high speed counter card. It can handle higher side-loads and it is far more cost effective than traditional LVDTs.

MSA8 Series

Dimensions [mm]	95x28x8 (10mm stroke)
Stroke [mm]	10 (+1/-0 mm)
Encoder Resolution [μm]	1 standard, 0.5 and 0.1 optional
Total Mass [kg]	0.054
IP Protection	IP54 standard, IP65 optional
It can operate on 5-15VDC
